Trinocular Microscope W/ Mighty Cam Eidos Camera/Monitor

Aven's Mighty Cam Eidos is an integrated 11.6" HD monitor connected to a 2M C-Mount inspection camera. Designed for ergonomic inspection, the Eidos eases the eyestrain and body fatigue associated with frequent microscope use.

SPZV-50 microscope provides crisp clear 3D images and a wide field of view. 6.7x to 50x continuous zoom with 10x eyepieces, or 19x to 143x magnification when viewing on the Mighty Cam Eidos monitor.
